Grateful recognition is due to the session chairs of the conference for their time, expertise and diligence. In addition to the tasks required of them during the conference, each unselfishly contributed to the technical review and editing of this volume. The editor wishes to thank and acknowledge the contributions of Ellen T. Bauder, Denton Belk, Wayne R. Ferren Jr., and Robert Ornduff.

The California Native Plant Society also wishes to thank the members of the conference steering/organization committee who contributed a great deal of time and effort which resulted in a highly successful conference. Members of the committee included Barry Garrison (Steering Committee Chair), Ken Bogden, George Clark, John Coy, Catherine Fowler, Richard Hill, Diane Mastalir, Sandra Morey, Mona Robison, Mark Skinner, Greg Sutter, Diane Windham, and Carol Witham.

Bill Hull of The Wildlife Society, Western Section served as conference coordinator and deserves special recognition for his expertise in logistical support, conference planning, and keeping a cool head.

Other individuals who contributed significantly to the completion of this volume include David Hubbard, Greg Kareofelas, and Craig Turner.

*This project has been funded in part by the United States Environmental Protection Agency Assistance Agreement No. X-99538-01-0 to the California Native Plant Society.

This volume is dedicated to the memory of

GEORGE MERRILL CLARK
(1938-1996)

and

JAMES DENT JOKERST
(1956-1995)

for their contributions to the preservation and
understanding of vernal pool ecosystems.
